Hi Mary,

In R9, we don't work on non-NPL sites except a very small (less than 5% of RPM's time) on Mare Island and Treasure Island.

Regarding your second question, I am not sure what you need from us as it looks like FFRRO already has those estimates?

Subject: OMB FY19 Budget Hearing and Q&A's - quick turnaround requested

Importance: High

Hi everyone –

We are pulling together responses for and OMB FY 19 Budget Q&A. One question that came up was regarding BRAC.

"Please provide a list of BRAC sites (noting relevant BRAC round) where EPA plans to continue performing work in FY 2018 and FY 2019. Please provide an estimate of the costs to the program for conducting this work."

I am taking this to mean both NPL and non-NPL - - that is IF you are still working on any non-NPL sites.

If you could provide this information to me by COB Thursday (9/21/17) I would appreciate it.

Thanks

Mary T. Cooke
